Marine Corps Ordered
Recruited to Full
War Strength

CABINET MEETS TODAY

Address to be Delivered Next
Week by Wilson Probably
Will Be Discussed

NEED MANY RECRUITS

Washington, March 26.—War preparations by the government today included calling into the federal service a score of additional guard regiments for police service in the Western and middle western states, and an order for the immediate recruiting of the marine corps to full war strength of 17,400 men.

With both the navy and the marine corps ordered up to full strength the only step remaining to increase the navy personnel without any action by congress is the calling out of the naval militia. It has been understood that the militia will be needed to fill out crews for the many vessels to be added but no announcement on the subject has been made.

Secretary Baker said today no further call upon the national guard was in prospect. More than thirty regiments have been summoned to federal duty to guard industries or other property which might be threatened by international disorder growing out of the German situation.

The address to be delivered to congress next week by the president probably will be discussed at the cabinet meeting tomorrow.

The suggestion that a large sum in the form of money or credits be furnished one or all of the entente allies is one of the important problems to be taken up.

The order to increase the marine corps from its present authorized maximum of 14,981 to 17,400 was announced by Secretary Daniels in a statement telegraphed to newspaper editors whose aid in finding the men is sought.

Many Recruits Needed

To give the navy the 87,000 blue-jackets and add the marines needed more than 25,000 men must be recruited.

While Mr. Daniels was discussing the new order with newspaper representatives, President Wilson walked into the secretary's office unannounced and was an interested spectator for several minutes before anyone knew he was in the room.

There was continued discussion today of the move of the war department in transferring Major General Wood to the new southeastern military department from his present command of the eastern department. Secretary Baker again refused to discuss the matter.

Mr. Baker took occasion during the day to confirm the impression that the government is planning to deal liberally with German or other foreign subjects resident in the United States in the event of war he was asked specifically if the war department was negotiating with the interior department for internment camp sites.

Protection for Resident Aliens

"There is no such plan in contemplation," he replied. "All resident aliens who are obedient to our laws will be perfectly safe from interference."

Asked if that applied to German army reservists, the secretary said: "It applies to everybody who is here or who may be permitted to come here and who behaves in accordance with our law while here."

In other quarters it was indicated that German residents might be registered, in the event of war in order that the government could have some knowledge of their movements.

Another phase of national preparedness prompted Mr. Baker to volunteer a suggestion as to the course which men and women who are seeking an opportunity to serve their country might follow. Every day has brought scores of letters to his desk asking how personal service might be rendered.

Mr. Baker pointed out that the regular army, national guard and officer's reserve corps, offered opportunity to men who desired military service. The reserve he explained, offered a wide field of choice since the staff corps divisions were composed of men specially trained in civil life in the work they would perform in war times. In addition to this the secretary added the mobilization of national resources being conducted by the council of national defense, furnished every man engaged in business or trade with a way to place his services at the nation's disposal. The plan being worked out, he added, was the coordination of every industry so that the government thru a small committee or organization could put its hand upon any part of the widespread activities. He urged that men get in touch with their associates in trade so that the committee

EXPLAINS POSITION OF ORGANIZED LABOR

Gompers States Attitude Has Been Misrepresented

Assets, Organized Labor is Patriotic and Loyal from Start to Finish and Will do All that Can be Done for the Government and Nation.

New York, March 26.—Samuel Gompers, president of the American Federation of Labor in a statement here tonight, declared "the position of organized labor in regard to the preparations for war and what may be done in war time has been deliberately misrepresented in some quarters."

"The position of organized labor," said Mr. Gompers, "is this: 'It is patriotic and loyal from start to finish; it will do all that can be done for the government and the nation, but it will not stand for the exploitation of labor for the benefit of army contractors. It does not believe that army contractors and others who may supply the country with its needs in times of war are entitled to or should have exorbitant profits, either at the expense of the government or of the worker. Labor expects no praise for being patriotic, but it does expect that those who employ it shall show some patriotism as well. There is no patriotism in selling the government something below the current inflated price for war material, but at a profit far in excess of what would be expected in normal times.'"

Mr. Gompers announced that as chairman of the section of the national council of defense charged with handling labor affairs, he had called a conference in Washington next Monday of laboring men, manufacturers and scientists.

His plea in the many pleas for reprieve has been that he is perfecting new evidence which will establish his innocence.

BOTH SIDES PROTEST AGAINST MANN'S PLAN

Republican Leader Returns from Vacation Trip to Haiti

Offers to Withdraw from Speakership Race in Favor of Speaker Clark Provided Democrats and Republicans Could Agree to Bi-partisan or Non-partisan Organization of House.

Washington, March 26.—When Republican Leader Mann upon his return today from a vacation trip to Haiti announced his willingness to withdraw from the speakership race in favor of Speaker Clark, provided Democrats and Republicans could agree to bi-partisan or non-partisan organization of the new house, he drew protests against such a program both from Democrats and members of his own party. A similar plan had been discussed informally before Mr. Mann left Washington, but it was generally believed until his announcement today it had been eliminated from serious consideration.

Lenroot Opposes Suggestion.

Representative Lenroot of Wisconsin, acknowledged leader of the house Progressive-Republicans and who has been mentioned as a candidate for speaker against Mr. Mann, promptly declared he was unqualifiedly opposed to the suggestion. Democrats, including Speaker Clark, and Floor Leader Kitchin, said emphatically they would not agree to the Mann plan unless it became necessary to prevent a long deadlock in the house. At the same time they declared their belief that they would organize the house from speaker down and some of them interpreted Mr. Mann's attitude as an acknowledgement of the Republicans' inability to organize the house.

Representative Mann said he probably would see some of the other Republican leaders tomorrow to present his views. He is willing, he said, to make the race for speaker if a majority of the Republicans favor such a course, despite his personal belief that it would be to the country's disadvantage.

MAY FORCE FIGHT TO VICTORY

Democratic plans, it appeared, are to force the organization fight to a victory if possible.

A tentative arrangement contemplates the re-naming for the purpose of making committee nominations the ten members of the ways and means committee of the last congress who return to the coming congress. The custom heretofore has been for the ways and means committee to make the formal nominations for both sides while the Republican floor leader in reality has named the Republicans. Most of the Democrats now here are hopeful that their plan will be acceptable to the dissatisfied Progressivists and the northern Democrats who have threatened a fight against southern committee-men. Practically all of the new committee assignments are expected to go to these elements.

Republican organization plans have not yet been perfected and probably will not be before Saturday. The Republican conference originally set for Saturday night was set forward today to Saturday afternoon. Confidence is expressed among both Democrats and Republicans that the house will work harmoniously after the brush over organization.

A conference on measures to be introduced by the foreign affairs committee during the coming session was held today between Secretary Lansing and Chairman Wood, Representative Harrison of Mississippi and Representative Ragdale of South Carolina of the committee.

STATES DEMOCRATS WILL WIN

Organization of the new house by the Democrats was declared to be assured tonight by Representative Randall of California, prohibitionist, and one of the five so-called independents upon whom the political complexion of the house has seemed to hinge.

Mr. Randall returned to Washington tonight from Los Angeles. On reading a statement issued during the day by Republican Leader Mann offering to retire from the race for the speakership in favor of Speaker Clark if a bi-partisan or non-partisan organization were agreed upon, he said Mr. Mann was too late, that he was in a position to say that enough of the independents would vote with the Democrats to give the latter a majority and assure the administration of control by its party of both houses of congress.

Democrats and Republicans go into the organization fight with 214 members each. It requires 218 votes to elect the speaker, so four of the five independents must join the Democrats to re-elect Speaker Clark unless there are defections from the Republican ranks.

CAPTURE SIX YOUTHFUL BANDITS

Chicago, March 26.—The rifle squad of the police department early today captured six youthful automobile robbers, fifteen minutes after they had robbed a pedestrain. DEPRECATE IDEA OF 8-HOUR DAY FOR WOMEN

Hotel Chambermaids and Housekeepers Tell of Their Happy Life Before the Sub-Committee of the State Legislature.

Chicago, March 26.—Hotel chambermaids and housekeepers told of their happy life and deprecated the idea of an eight hour work day for women before the sub-committee on industrial affairs of the state legislature in session at a local hotel today.

Each of those who testified insisted that a woman's health does not suffer under present conditions, and in one way or another, each asserted her belief that a woman should be allowed to regulate her own affairs without interference from the state legislature, before which the women's eight hour bill is pending.

Miss Margaret O'Reilly, housekeeper's assistant at a Michigan avenue hotel where she has been employed fourteen years, asserted that the health of working girls at the hotel was not impaired by their hours of labor. She explained that the girls worked on a long and short shift, working ten hours every fifth day and eight hours the other days.

Miss Abbott, a hotel housekeeper, caused a stir when she said she received \$200 a month. Another housekeeper, who refused to divulge her salary, said it was "very good."

Representative Pace, chairman of the committee did most of the questioning. Other members present were Representatives Gallagher, Tuttle, Hicks and Reaugh.

SPEEDING UP OF FOOD PRODUCTION ESSENTIAL

Officials Look Upon Work As Most Important

Would be One of the Most Important Two Things that this Country Could do For Its Allies in Case of War With Germany.

Washington, March 26.—Government officials look upon the speeding up of the foodstuffs production in the United States as one of the most important means of assisting in the war against Germany, should the United States take an active part.

"Of the most important two things that this country could do for its allies in case of war, namely to finance and to feed them—perhaps the more important is to maintain a steady flow of foodstuffs to their shores," says an authorized statement by Assistant Secretary Vrooman of the department of agriculture. It looks, the statement adds, as though it would be a good business stroke for the farmer this spring to sow his normal oats acreage to spring wheat and "it is certain that it would be a valuable step in the direction of National agricultural preparedness."

Since the policy of stimulating food production would have to be supplemented by a policy guaranteeing the farmer against loss due to overproduction, the department holds that congress should deal with this question effectively.

GERMANY PERMITS CONSULS TO PROCEED

Officials Believe the Difficulties Placed in the Way Americans' Transfer from Embassy to Turkey Will Soon Be Cleared Away.

Washington, March 26.—Germany has agreed to permit the four American consuls held at Munich to proceed to their new posts in Turkey as soon as the Constantinople government formally agrees to receive them. Officials here believe the difficulties placed in the way of the Americans' transfer out of Germany soon will be cleared away. Turkey already has indicated informally that she will interpose no further obstacle.

Ambassador Willard at Madrid reported today that the Spanish foreign office had been assured by the German foreign minister that the four Americans were being held only until it was certain Turkey would accept them.

Officials were relieved at learning that the men are safe at Munich. No word has been received from them in two weeks, despite two urgent inquiries.

In his message Ambassador Willard said Germany had called attention to the fact that as yet she had not heard whether three German consuls transferred from the United States had reached their new posts in Mexico, Guatemala and Costa Rica. As the consuls have left this country, however, officials feel that the United States no longer has any concern for them.

Departure of the four consuls will leave virtually no native Americans in Germany, except the American sailors believed to have been brought into port on the raider, Moewe.

ILLINOIS HASTENS GUARD MOBILIZATION

First, Fifth, Sixth Regiments Assemble at Home Stations

Gen. Dickson at a Conference With Gen. Barry Arranges for Mobilization of Entire Guard at Springfield in Event it is Called Out.

Springfield, Ill., March 26.—Illinois hastened action today to get its troops ready for any eventuality. The first, fifth and sixth regiments ordered out by the war department early today assembled, generally, by single companies at their home stations.

Adjutant General Dickson at a conference in Chicago with Major General Berry, commanding the central department, arranged for mobilization of the entire guard at Springfield. It event it is called out, Governor Lowden, prepared to urge unofficially all regimental commanders to take immediate steps to recruit to full war strength, instead of the peace strength now authorized. The governor offered to the navy department the use of his private yacht, the Venice, now at Alexandria Bay, N. Y.

A bill was prepared for introduction in the senate tomorrow asking an emergency appropriation of \$1,000,000 to be spent as the governor and adjutant general should direct. Leaders of both houses arranged to take all possible steps toward assuring that state employees who are members of the national guard be paid at least a portion of their regular salaries during their time of service.

The adjutant general's office worked overtime tonight getting out requisitions for the three regiments, called into service and to arrange for possible mobilization of other commands.

Mobilization Practically Complete

Chicago, March 26.—Mobilization of the First Illinois Infantry was practically completed today when taps sounded here tonight, while reports from the home stations of the companies of the fifth and sixth regiments of infantry indicated that they were also rapidly being prepared for duty.

According to Col. J. B. Sandborn commanding the first infantry most of the absentees in his regiment were out of the city when the assembling orders were issued. With the men sleeping in the armory, sentries were posted and the discipline and routine of a military camp maintained.

No Important Change in Position Occurs in the St. Quentin Sector

RUSS CROSS INTO TURKEY

Three villages have fallen into the hands of British and French troops operating against the Germans between Arras and Soissons in France. One village taken by the British and two were captured by the French.

Lagnicourt, situated about six miles northwest of Bapaume, fell into the hands of the British and Flanders and LaFeville, at the base of the salient, that has been driven into the German lines at LaFere, now are in the hands of the French.

French Gain More Ground.

The French also have gained some additional terrain northeast of Soissons, but no important changes in position have occurred in the St. Quentin sector where the Germans apparently are stiffening their line.

Paris reports the dispersal of German assemblages in this district by artillery fire.

Trench raiding and bomb operations continue on the remainder of the front.

Considerable aerial activity is still in progress between the British and Germans. London reports the forcing down by British airmen of five German aeroplanes east of Neuville-St. Vaast and Armentieres, but says seven British machines have failed to return to their bases.

The Germans who are reported to be in force on the north Russian front, are again becoming active. South of Dvinsk, after having loosed gas waves against the Russians, the Germans essayed an advance but, according to Petrograd were repulsed. East of Baranovitch another Teuton attack was put down by Russian artillery fire. The Russian war minister has arrived in Riga, probably to consider the situation caused by the arrival of German reinforcements.

Still another crossing of the Persian frontier in Turkey has been effected by the Russians who have entered the Vilayet of Mosul, thru which flows the Tigris river, along which the British are still in pursuit of the Turks retreating from Bagdad. To the southeast of the Turkish-Persian frontier the Russians have captured the Turkish fortifications at Kalachahin, thereby placing a further menace in the way of the Turks making their way up the Riala river before the British.

In the Austro-Italian and Macedonian theater the situation is unchanged.

COMPANY B—TO ARMS

The call to arms has come to members of Company B in Jacksonville. The call has come with that accompaniment of secrecy which always surrounds military preparations and army maneuvers in any momentous time.

Just what service is now required the militiamen do not know. They are not asking, for they somehow sense real service and that is what they are looking forward to. It is for this reason that practically every enlisted man in Company B appeared at Armory hall yesterday in accordance with the call sent by Captain Owen on instruction from the colonel of the regiment. In addition to those men who have all along been in training there came numerous recruits and there are as many more young men in Jacksonville just ready for enlistment. There are young men who in former months hesitated about joining the militia because they did not want to be called for strike duty or military work of that kind. They are willing and ready for other kinds of service and the developments of the past weeks have appealed to their patriotism.

Members of Company B slept in their armory last night. They are awaiting the call to mobilize with other companies of the Fifth and Sixth regiments. The call for mobilization is expected at any hour and the instructions are for the militiamen to be in readiness. This is a time for the local company to have the hearty support of Jacksonville citizens. The seriousness of the present situation should impress citizens and they should take pride in the fact that Jacksonville is thus early to have armed representatives in the preparation to maintain the honor of the United States against a foreign foe.

Here's to the officers and men of Company B, believing they will render faithful patriotic service wherever placed, and they will thus do honor to their home city. The roster of the company should be at full war strength when the order comes.

MILLIONS MORE FOR OPERATION.

The question of advancing railroad rates is now occupying about as much of the public thought as did the proposed change in the hours of employees a few weeks ago. Trade and market reviews were declaring that increases in rates were necessary even before the change in the hours of labor was agreed upon, for the railroad expenses of operation have climbed in a marvelous way. The latest estimate as to the additional yearly cost from coal resulting from the prices which the mine owners are now demanding is \$130,000,000. Add this sum to the \$50,000,000 increase necessitated by the new agreement and there is a very goodly sum which must be met by an increase in the revenue.

ELECTION COSTS GROW.

In New York as is true in Illinois, the thinking men of both parties are worrying about the high cost of conducting elections. The figures show that during recent years the per capita cost for elections was \$1.90. This by comparison with figures for 1904 when the cost was \$1.17, shows that H. C. L. is affecting elections as well as all the other departments of public life. The increase in cost has been occasioned by the increase in the number of elections held. It is now proposed by some consolidation to amend the election laws in a way which it is hoped will save the commonwealth at least \$300,000 annually.

If present policies are carried out and enlarged upon, in another year or two New York can with profit study what has been done in this state in the line of efficiency and economy.

NOT TIME TO PAY OFF SCORES.

In the re-districting of the military departments of the country announced by Secretary Baker, Major General Leonard Wood has been given command of the southeastern department with headquarters at Charleston, South Carolina. In the press story of assignments it has been intimated that Gen. Wood has thus been transferred from the important post at Charleston—a post which has been called the Siberia of military life in the U. S.

It is certainly to be hoped that the newspaper suggestion is incorrect and that Gen. Wood, whose record has been conspicuous for ability, has not thus been relegated to the rear simply because he has ventured to disagree with President Wilson and has been the author of some articles critical of the administration. This certainly is not the time for punishment of a political kind. Such questions press for solution—such dangers confront—that the army and the navy and the government have need for all leaders with experience and brains.

PATRIOTISM BRINGS QUICK RETURNS.

Without intention of belittling the patriotism of the copper and steel magnates who have offered to furnish the government supplies at figures much below market values, there is an interesting story about the situation. Owners of copper mines have offered the government all the copper that they will need based on the average price for the past ten years, a price which in the present instance is about fifty per cent below the market value. Action somewhat of the same kind was taken by the steel men.

But because of the present situation and probability of government demand markets have automatically risen. The copper requirements of the government will not take more than three or four per cent of the output of the copper mines and thus the owners already have their reward for they are able to take advantage of the increased market prices on fully ninety per cent of their output. This is "casting bread upon the waters" with a very quick return.

FOOD RESTRICTION MIGHT PROVE BOON.

These are the days of figures and statistics along all lines and so the country is not nearly as appalled as would sometimes be true by the statement of the national agricultural department that the U. S. citizens

daily waste \$2,000,000 in the preparation and caring for food. This waste, it is said, results from careless habits in buying and in wasteful methods of preparation, thus increasing the expense of the average family to a very large degree. The sum does not take into account the hundreds of thousands of dollars spent unnecessarily in city cafes by the rich for expensive suppers.

As the government can do most anything in war times, it is not unthinkable that a little later on there may be a ration system established for the country just as it has been in Europe. This might be done, not because of the shortage of food but because of the very high prices which are putting living costs at a figure almost unattainable for the man of family who is earning the wages of a laborer. In a great many instances this restriction would be of positive benefit for as many physicians have pointed out, there are more ill in this country caused by overeating than by the lack of food.

RABBI SEES GOOD FROM BLOODSHED.

In connection with the political changes in Russia nothing has attracted more comment and attention than the freedom given the Jews. Persecution of the Jewish people in Russia has at frequent times during past years been the subject of world-wide concern and sympathy. The new Russian movement has put an end to the persecution of the Jews and they will now have the rights of citizenship so long denied. This change is so marvelous—helpful to so many millions—that a well known rabbi in St. Louis has recently characterized the revolution in Russia as the most tremendous and awe-inspiring event in modern history. The rabbi went so far as to express the belief that this awakening and emancipation of the people of Russia was of so great import to humanity that it justified this great war of seeming inhumanity. These were his words:

"It is the end of the Middle Ages, in their last place of survival, in the land that we had deemed hopelessly darkened by ignorance, fanaticism and tyranny. This tremendous upheaval not only ends tyranny, but fanaticism, race hatred, and religious persecution.

"This awakening of a colossal empire, this emancipation of 170,000,000 human beings, almost justifies this war with its atrocities and sacrifices. It is almost worth while for these brave men to have died, that this huge land with the shadow of death upon it should see the light of day.

"There was no such terrific explosion as one might well have expected from the pent-up passion and sufferings of centuries. But their self-control was, on the contrary, that of a great people who would not wage through carnage and slaughter to the doors of the Temple of Liberty, that they would strive to open with no blood-rusted key. The people slain in the revolution at Petrograd were almost entirely those massacred by the police. The revolutionists were marvelously disciplined and controlled. They were fighting in a cause so august and sacred, that they could not and would not profane it by sanguinary outbursts of passionate resentment, however well justified. There was no wanton slaughter. It was no ordinary mob in the streets of Petrograd that ended the diabolical curse of czarism in Russia."

ONLY MEMORIES.

There's a little house on a little street,
With a woodbine near its door,
That's a resting place for the weary feet,
When the work of the day is o'er.

There's a little yard where the roses bloom,
So fragrant and pure at dawn,
And the little yard has plenty of room,
For a walk when the day is done.

Oh the little house, oh the loving hearts,
Oh the sweet content of old,
When sheltered there from the world's arts,
And the hordes with their lure of gold.

But mad ambition in passing by,
Gave a knock on the little door,
And 'twas hard to stifle a rising sigh,
As its shade fell on the floor.

Now the little house on the little street,
With its blooming roses at dawn,
And the days we knew with their peace so sweet,
Forevermore are gone.

Rippling Rhymes By WALT MASON

UNAPPRECIATED.

For weeks and weeks the skies were blue, a winter sun was shining; the roads were fine, as good as new, yet people were repining. "We need nine kinds of rain and snow," they made their wail together; "the wheat will die, it has no show, in this unseasonable weather." If droops of mine would bring a rain, I'd do some bitter howling, but human grief is all in vain—'twon't start the thunder growling. I might go weeping down the street, but all my noisy sorrow, won't save the smallest patch of wheat, or bring a shower tomorrow. And so I pen some sprightly odes, enjoying the endeavor, insisting that the country roads are better now than ever. Get out your "sixes" and your "fours," and search along the highway, enjoy the golden out-of-doors, exploring lane and byway. The crops may fail, be calm and cool, no tribulation showing, for fretting will not change the rule that keeps the planets going.

LARGE COMPANY AT WRAY FUNERAL

Many G. A. R. Members in Attendance—Rev. M. L. Pontius in Charge.

The funeral of the late M. K. Wray drew a sympathetic audience at the undertaking parlors of Williamson & Cody Sunday afternoon, a good delegation of Grand Army comrades being present. The services were in charge of Rev. M. L. Pontius who spoke very effectively. Excellent music was supplied by Mrs. Wallace Brockman and Miss Cora Graham who sang "Beautiful Isle of Somewhere," after which the minister read suitable portions of scripture and offered prayer. "Rock of Ages" was sung and then followed the discourse of which a few extracts are offered.

Two things here today are especially noticeable. The sheet on the casket indicates the passing away of one, whose life had been a long one and the flag that he had served his country in a time of peril. This indeed should be a comfort to the surviving friends. The limit of life has been said to be three score and ten, the average is only about 33 years.

It is a comfort to know that our departed friend had the courage to face danger even unto death and fight the battles which saved his country's life and so we bring today the consolation of the gospel and look on the sheet and the flag as emblems of a long life and the death of a brave veteran. I see before me his comrades who fought as he did and ere many months the young men of the day may be called on to shoulder their guns and fight for the existence of our nation. I always feel honored when called on to stand before the brave men who went forth for the salvation of our land and I am ever glad to offer an eulogy on the deeds of the men who so nobly fought to preserve the republic.

In army of Napoleon Bonaparte was a brave soldier who fought in the midst of all dangers and spared not himself. He had the offer of honors repeatedly but refused them till finally his commander gave him a sword as the first soldier of the army. He was killed in battle and Napoleon ordered the man's heart to be removed and carried with the company and when the roll was called the man's name was also to be mentioned and the one next to his place would answer to his name. So let the comrades of this veteran retain the memory of his name as long as they live.

Out of the troubles 135 years ago came the flag of our nation, the stars and stripes indicating liberty and union, freedom and progress. It has been carried in Cuba, the Philippines and has carried with it light and liberty. In Palestine 1900 years ago, the cross, once a symbol of infamy, was exalted to be an emblem of all that is good and holy; of liberty, freedom from sin and all forms of oppression and under the banner of King Immanuel we all should enlist.

The address closed with the last lines of Bryant's "Thanatopsis" and the choir sang, "Go Bury thy Sorrows," after which the remains were borne to their last resting place in the soldier's plot in the Jacksonville cemetery by Comrades L. Gohren, J. W. Peaker, J. T. Reed, Ezra Scott, J. F. Scott and W. H. Jordan. At the grave the Grand Army ritual was carried out by Commander George Paul and C. E. McDougall as chaplain. An impressive incident was the sounding of taps by John Pyatt at the grave and responded to by John Claus at a distance as the casket rested in the final place designed for it.

MORE PAVING ORDINANCES BEFORE THE COUNCIL

Preparing for Work in Business District and on Mound Avenue—Garbage Fund Not for Accumulations of Past Year.

Most of the work of the city council Monday morning was in relation to paving ordinances. The ordinance for the paving of Mound avenue with asphalt was presented and the ordinance for creosote block pavement in the business district was read. Under the department reports Mr. Vasconcellos said that he was expecting each day a return visit from the engineers of the water survey who were here several weeks ago and who promised to come back for other work of investigation. Mr. Vasconcellos and the mayor both stated that the joint water supply committee appointed sometime since could not with propriety take any action or make any recommendation until after the proposed visit of the engineers and some report from them.

More Sewer Trouble.

Mr. Cox made report on the emergency work being done on the South Diamond street sewer which is again clogged because of tree roots. The sewer is near the row of trees and every few years there is trouble from the clogged roots. Mr. Cox had a force of men at work there all day Sunday in order to relieve the trouble as speedily as possible. The commissioner also called attention to the fact that some property owners on South Prairie street have not made the necessary preparations for connecting with city water mains before the new pavement is laid. It is the rule of the council that all such connections must be brought inside the curb line even in the case of vacant lots. This action is taken of course in order to prevent the pavement from being disturbed for the purpose of making connections. **Garbage Fund for this Year's Refuse**
 Mr. Martin said he had found in connection with the discussion for garbage disposal that a number of residents were planning to have all of their winter's cinders hauled away. He said that there should be a general cleaning up week before the new system goes into effect—that it would not be fair or good business to use the fund which will be available in May for cleaning the accumulations of the previous year. If there is a general clean up to begin with, the money available from taxes will be sufficient to keep everything cleaned up for the current year.

A petition was filed from C. W. Jacobs & Co., asking authority to install a gasoline station at their store room and garage on East State street and this was referred to Commissioners Cox and Martin with power to act.

Paving Ordinances.
 The ordinance for asphalt pavement on Mound avenue was presented to the council and according to the estimates of Engineer Henderson the total cost will be \$16,816. Of this sum the estimate for asphalt is \$12,172 and for the concrete curb and gutter \$2,834.

The ordinance for creosote block pavement in the business district was given a first reading. Engineer Henderson's estimate for this is \$37,035. This sum is divided as follows:

Creosote block \$30,900.00
 Excavating 948.40

Sandstone	324.00
Curbing	1,987.20
Sidewalks	346.80
Inlets	188.50
Catch basins	150.00
Sewer pipe	93.80
Court costs, etc.	2,696.02

ANNUAL MEETING HELD AT PISGAH CHURCH

Officers Elected by the Church and Sunday School in Meeting Sunday—Rev. Mr. Shaw May Be Extended Call Next Sunday.

A large number were present at Orleans Sunday afternoon for the annual meeting of Pisgah Presbyterian church. The Rev. W. E. Sponts of Northminster church, preached the sermon and acted as moderator, and the Rev. E. B. Landis, pastor of Westminster Presbyterian church, presided at a meeting of the Sunday school. It was voted to ask the Rev. T. G. Shaw of Reading, Mich., who preached at Pisgah church a short time since, to address the Orleans congregation next Sunday, at which time it is probable that a formal call will be given. The report of the treasurer showed the financial condition of the church to be good, with a small balance on hand.

Henry Welborn and George Holley were elected deacons and W. T. Scott and Irvin Stevenson were elected elders. During the afternoon three of these officers, Messrs. Welborn, Scott and Stevenson, were formally installed. Mr. Holley was kept away by illness. Mr. Holley was selected treasurer of the church and George M. Graft, secretary. J. W. Arnold was elected chairman of the sessions. Miss Blanche Cunningham is church pianist and Clyde Richardson is chorister. G. W. Moore was elected trustee, succeeding himself.

Following are the Sunday school officers elected:
 Superintendent—Mr. Mason.
 Secretary and treasurer—Miss Violet Davis.
 Pianist—Miss Helen Holmes.
 Assistant superintendent—Mrs. W. T. Scott.

ENORMOUS PROFITS FOR DYE FIRMS

London, March.—The few firms of British dye manufacturers have made enormous profits since the beginning of the war. The report of one of them shows that the value of its shares has risen from eight shilling to 60 pounds. The value of the stock held by one stockholder who was declared bankrupt before the war, he owing 2,500 pounds, jumped to 85,000 pounds. Before the war the stock was worth about 700 pounds.

OLD PAMPHLET GIVES WELL KNOWN NAMES

Historic Booklet Now Owned by Ottawa Melister Was Printed Here in 1840—Tells about Organization of Jacksonville Mechanics Union.

Ottawa O. McAllister has left the Journal office an interesting little pamphlet originally the property of his grandfather, Verin Danes, father of the well known Verin Danes of this city. The article in question is a copy of the constitution and bylaws of the Jacksonville Mechanics' Union, printed at Goudy's job office of this place, in 1840. The society was organized October 27, 1835, and incorporated February 24, 1837, among other things the charter says:

"Be it enacted by the people of the state of Illinois represented in the General assembly, that W. A. Newcomb, S. S. Brooks, B. R. Houghton, James G. Edwards, R. T. McNeely, A. W. Norris, William Davis, John Henry, C. Ludlum and James Johnson and their associates and successors be and are hereby constituted a body politic and corporate under the name of The Jacksonville Mechanics' Union, for the purpose of relief to the sick and disabled members thereof and to the widows and orphans of deceased members and for the promotion of literature, science and mechanical arts and for no other purpose whatever."

The second section gives it the power to use and be used, to have a seal, to adopt constitution and by-laws not inconsistent with the laws of the state and nation; to hold not more than five acres of land with the improvements thereon or a longer term than a year except such as may be donated to and for the sole use and behoof of the corporation. Section three provides for the usual officers, their duties and liabilities. Section four provides for the legal collection of fines; section five that the body shall not be dissolved while seven members favor its continuance; section six provides that the legislature may amend or repeal the act when it sees fit.

The document was signed by Newton Cloud, acting speaker of the house of representatives, W. R. Davidson, speaker of the senate, and Joseph Duncan, governor, February 28, 1837.

Some of the provisions of the society's constitution are interesting. They provide for the usual president, vice-president, secretary, treasurer, sergeant-at-arms and seven directors. The duties of these officers are such as usually pertain to such individuals. The sergeant-at-arms was instructed to report the names of all who left the hall without permission and who acted in any improper manner; surplus funds were to be loaned; sick and disabled members were to be visited and cared for; and funerals of members conducted.

Meetings were to be held once a month, at which time each member was to pay 25 cents and a certain amount of arrears called for suspension or expulsion. To be admitted a person must have a good moral character, free from bodily infirmity which might render him a burden to the society, must be a resident of the state and between the ages of 21 and 45. Initiation cost \$2 and the applicant was required to take an oath that he met the requirements of the organization and would support the constitution and bylaws. Disability, acquired from drunkenness, boxing, horse racing, voluntary fights or other vices or other improper conduct, called for benefits of \$3 a week; death of a member of more than year, \$25; funeral expenses and \$25 to \$50 to surviving widow or orphan. Any member signing illness to secure benefits would be expelled. Expulsion for drunkenness or improper conduct was provided for.

One curious article provided that any member abusing or reproaching another for receiving weekly dues or any other just right, or for society or speaking contemptuously or reproachfully of the same to another member would be subject to a fine of not less than \$1 nor more than \$25 for the first offense and expulsion for the second. Fine and expulsion were provided for members who neglected or refused to receive moneys due them from the society.

The bylaws were such as are usual in defining duties and obligations of officers, times of meetings and leaving the room at any regular or special meeting was fined 50 cents for leaving without the consent of a majority of the members present. Any officer neglecting or wilfully violating any of the duties devolving on him as stated by the constitution and bylaws was subject to a reprimand, a fine of \$1 to \$10, forfeiture of his office or expulsion, to be determined on by a vote of not less than two-thirds of the members present at a regular or special meeting. Absence from any regular or special meeting subjected the officers to a fine of 50 cents each and a member 25 cents. Absence from a funeral or anniversary celebration cost the president \$2.50, the other officers \$2, the directors \$1.50 each, and members \$1 each.

The officers were: William W. Happy, president; Cornelius Ludlum, vice-president; Calvin Goudy, secretary; A. W. Newcomb, treasurer; George McHenry, sergeant-at-arms. Directors—John D. Stone, chairman; R. S. Anderson, John Holland, Stephen Sutton, William Atkins, Michael Rapp, John W. Goltra. Members—R. T. McNeely, William Patterson, Samuel S. Brooks, Benjamin P. Bass, R. R. Houghton, James Hurst, William Davis, Thomas Bell, John Henry, A. F. Wilson, George W. Maxfield, J. M. Lucas, E. A. YOUNG PEOPLE'S UNION IN ROUSING MEETING

First Baptist Church Auditorium Filled for First Assembling of New Body—Support is Pledged for Law Enforcement.

With each young peoples' society in Jacksonville represented and with an audience which filled completely the auditorium, the first meeting of the Young People's Union was a notable success. In an address on "Opportunities for Civic Co-Operation," Carl E. Robinson, the state's attorney called attention to the difficulties which attend enforcement of the law when Christian men and women are not at hand to lend their support to the public officials. In closing his remarks Mr. Robinson said that a committee of young people, appointed for civic duty, would find plenty of work to do in their home city and the idea, thus expressed, was taken up by C. H. Story who made a motion enabling the union officers to constitute such a committee. Wylder Towle gave the motion a second and when put to a vote the action of the assembly was virtually unanimous.

Miss Lucille Allison, president of the union, was in the chair. The scripture was read by C. H. Story, and the Rev. E. L. Fletcher offered prayer. Music was furnished by the Centenary orchestra. Edward Tomlinson, the first speaker, called attention to the opportunities for service afforded by such a union organization of young people. H. I. Vasconcellos, county superintendent of schools, called attention to the social aspects of co-operative effort. J. S. Findley, who spoke toward the meeting's close, offered the use of the Y. M. C. A. building for the meeting of committees or for other union purposes. The Rev. A. A. Todd, pastor of the Baptist church, called attention to the fact that it was Mr. Findley who conceived the idea of a union organization of this kind in Jacksonville.

The executive council, consisting of the officers of the union and the presidents of the respective societies, will meet next Sunday afternoon at the Y. M. C. A. and will appoint the committee mentioned.

Words of greeting were extended from the societies of the city by the following:

Grace Church Epworth League—Miss Margaret Towle.
 Centenary M. E. church—Harry Barnes.
 Northminster Y. P. S. C. E.—Ernest Fernandes.

Westminster church—The Rev. E. B. Landis.

Central Christian church—Miss Adelaide McCarty.

Brooklyn M. E. church—Frank Bourn.

Baptist church—Ernest Ruthford.

URGES THAT PUBLICITY BE GIVEN FEDERAL LAW
 Providing Punishment for Threats Against President—Copies of Law Distributed by Secret Service

Chicago, March.—Captain Thomas I. Porter, veteran of the local office of the United States secret service on which devolves protection of the life of the president of the United States has urged that publicity be given to the federal law which provides punishment for persons guilty of making threats against the president.

Copies of the law were recently sent to all sections of the country by the secret service. The act reads: "Be it enacted by the senate and the house of representatives of the United States of America in congress assembled, that any person who knowingly and willingly deposits or causes to be deposited for conveyance in the mail or for delivery from any postoffice or by any letter carrier, any letter, paper, writing, print,missive or document containing any threat to take the life or inflict bodily harm upon the president of the United States, or who knowingly and wilfully otherwise makes any such threat against the president, shall upon conviction be fined not exceeding \$1,000 or imprisoned not exceeding five years, or both."

TO ORGANIZE MACHINE GUN CORPS IN JAPAN

Tokio, March.—Although the use of machine guns has been adopted in the Japanese army since the close of the Russo-Japanese war in 1905, there exists at present no special machine gun corps. The Japanese army authorities having recognized the importance of special corps for machine guns, have decided to organize nine such corps, to be attached to each army division, a corps being provided with eight guns. Compared with the system of the French and German army, where each regiment is provided with nine machine gun corps (each corps with six guns), the present plan is inferior in strength but the army authorities expect eventually to bring the corps up to the European standard.

MRS. W. D. ALFORD DIED
AT FRANKLIN HOME

HUSBAND OF DECEASED SUM-
MONED LESS THAN A WEEK AGO

Mrs. Mary Ellen Taylor Died Monday Night After An Hour's Illness—Had Spent Evening at the Home of a Friend—Heart Disease Cause of Sudden Going—George Dickinson, Former Resident, Dead at Monticello.

Mrs. Sarah E. Alford passed away Monday evening at 6:40 o'clock at her home northwest of Franklin after an illness of less than a week's duration.

The passing of Mrs. Alford brings to mind the sad saying that "misfortune seldom comes singly" and that some seem destined to drink from the cup of sorrow a double portion. It was but five short days ago that death, in the same guise, took William D. Alford, the husband of the deceased. Mr. Alford passed away Wednesday night, March 21, at 11 o'clock. It was upon the afternoon of that same day that Mrs. Alford was stricken. Sunday she was said to be improved and Monday the hope that she might recover remained strong.

M. S. Seymour, another of Franklin's respected residents, who passed away three weeks ago was a brother of Mrs. Alford.

Sarah E. Seymour was born Dec. 6, 1858, the daughter of Edward B. and Anna Seymour. She was born near Franklin and that community has since been her home. In youth she became a member of the Methodist church and at Providence she was known for her steadfastness and devotion. Her circle of friendship was wide and enduring and all who knew Mrs. Alford will cherish her memory with love and respect.

Deceased was married to Mr. Alford March 16, 1906. Two sisters survive, Mrs. J. A. Stice and Mrs. C. E. Criswell. A third sister, Mrs. J. H. Wheeler, passed away three years ago. She leaves also four children, for whom she filled a mother's place with unremitting devotion. They are Mrs. Lella Asplund, Chicago; Frank Alford, Indianapolis, Ind.; Roy Alford, Mapleton, N. D.; and Ernest Alford at home.

Arrangements for the funeral have not yet been made.

Taylor

Death came very suddenly Monday night to Mrs. Mary Ellen Taylor at her home, 502 South Prairie Street. After less than an hour's illness Mrs. Taylor died about 11:30 o'clock as a result of heart disease.

Some years ago Mrs. Taylor suffered a similar attack but in other respects her health had been good. Monday evening she started to visit at the home of a friend on West Morgan street. She stopped at the home of her son, A. R. Taylor, on Kosciusko street for a few moments and mentioned then that she did not feel as well as usual and Mr. Taylor took her to the friend's home in his car.

About 10:30 Mrs. Taylor returned to her residence and while in the living room became suddenly seriously ill. Dr. H. C. Woltman was summoned and arrived a few moments before Mrs. Taylor's life went out.

The deceased, whose maiden name was Mary Ellen Stewart, was born in Jersey county about fifty-five years ago. For the larger part of her life Jacksonville has been her place of residence. Mrs. Taylor was a member of the Congregational church and her greatest interest in life centered about her church and her home. She lived earnestly and fruitfully and so spent the days and years of her life that they will always remain a fragrant memory to those who knew her intimately. Mrs. Taylor's husband, John S. Taylor, died five years ago. She is survived by two sons and two daughters, all of this city, Arthur R. Taylor, Mrs. E. W. Craig, Allen and Miss Florence Taylor. Arrangements for the funeral have not yet been completed.

Young.

Brief mention was made in Sunday's Journal of the death of Miss Gertrude Young which occurred at the family home Sunday morning at 2:45 o'clock.

Deceased was the daughter of the late Dr. J. W. Young and Mrs. Rebecca J. Young and was born and reared in Jacksonville. She attended the public schools of the city and also was a student at Illinois college. She studied for teaching in the east and was for several years a member of the faculty at the State School for the Deaf, being compelled to give up her work on account of ill health. Miss Young was a regular attendant at Westminster Presbyterian church and Sunday school for many years.

Besides her mother she is survived by the following brothers and sisters, Mrs. Percy Jenkinson, Miss Louise Young, Miss Jane Young, E. Young and Bert Young of Jacksonville, John W. Young of Denver, Colo., and William Young of New York City. One sister, Miss Elizabeth Young preceded her in death.

Funeral services will be held this afternoon at 2:30 o'clock at the residence, 513 West State street in charge of the Rev. E. B. Landis, pastor of Westminster Presbyterian church. Burial will be in Diamond Grove cemetery.

Moody.

W. R. Moody, a well known citizen of Jacksonville, died at Mapleson sanitarium Sunday night at 11:00 o'clock. Mr. Moody had been in failing health for the past four years and death resulted from pernicious anemia.

Deceased was the son of James and Frances E. Moody and was born on a farm in Scott county, Nov. 26, 1862. He was reared in that community and resided there until nine years ago when he removed to Jacksonville.

He was united in marriage July 27, 1898, to Miss Lillian B. Perry. The widow and two sons, William Richard, Jr., aged 14 years, and Howard James, aged 9 years survive. He also leaves three sisters, Mrs. P. Richardson, of Carlinville, Mrs.

Clara Jane Perrett of Excelsior Springs, Mo., and Mrs. James S. Merrill of Jacksonville, Ill.

Until his removal to Jacksonville Mr. Moody followed the occupation of farming being compelled to give it up on account of ill health. After his removal to Jacksonville he served for a short time on the police force and for about two years was a bookkeeper in the banking house of F. G. Farrell & Co. For a few months prior to his death he served as collector for the Journal Co.

Mr. Moody was a member of Chapin Lodge No. 49, I. O. O. F., and was for many years one of a small number of members who kept the lodge going and a few years ago was largely instrumental in reviving interest in the order in Chapin. He was a man of splendid characteristics and his genial manner won and held a large number of friends.

The remains were taken to the undertaking parlors of John G. Reynolds and prepared for burial and were taken to the residence, 1009 South Main street Monday afternoon at 2 o'clock. The deceased was eighty-seven years of age and his death was due to paralysis, the consummation of a stroke suffered two weeks since. Mr. Dickinson was born in England but after spending much of his life in this county he became a resident of Monticello. It was in March, 1914, that he was last here, having come to attend the funeral of his brother, the late Percy Dickinson. Deceased is survived by his wife, Mrs. Elizabeth Dickinson, and two children, Edward Dickinson of Kansas City and Mrs. Mary Schneider of Danville.

Mrs. Edgar Gibbs, Mrs. A. E. Obermeyer, Miss Sue Dickinson and Oliver Dickinson are resident nieces and nephew of the deceased. Mr. Dickinson had been for many years a Mason and a member of the Christian church and was a man who lived in such a way that he commanded the respect of all.

The funeral will be held this afternoon in Monticello at 2 o'clock. Miss Sue Dickinson will be one of those in attendance.

MUST RETURN TO
IOWA FOR HEARING

Gov. Lowden Finds Requisition Papers for Mr. and Mrs. Clampt are in Proper Form.

At the hearing before Governor Lowden in Springfield Monday it was determined that the requisition papers from Iowa for Mr. and Mrs. Everett Clampt were in proper form. It was also the governor's decision on advice of the attorney general that no cause had been shown why the papers should not be honored and warrants issued here.

Attorney Lonergan of Chicago appeared in behalf of the defendants and State's Attorney Robinson presented the case on behalf of the people. Sheriff Graft and Mr. Robinson were the only Morgan county people present at the hearing. Mr. Lonergan gave some history of the case and entered into its merits from his viewpoint. Mr. Robinson recounted the efforts made to secure release of the defendants and did not attempt to discuss the charges. Mr. Lonergan inferred that the papers would not have been issued except for misunderstanding of the case on the part of the governor of Iowa and he asked for time in order to consult with the governor and present an argument in an endeavor to show that the defendants should not be arrested.

Warrants Issued and Served

It was the opinion of the governor and counsel that after the steps taken and the arrival of the deputy sheriff with the proper papers, that it was then too late to go back to the governor of Iowa unless some more cause could be shown than Mr. Lonergan had attempted to present.

In accordance with this finding Deputy Sheriff Thomas Locke, accompanied by Miss Eva Gibbs, county nurse, from Mason City, arrived here on the 5:13 Wabash train. The visiting officials, accompanied by Sheriff Graft, served the warrant on Mrs. Clampt at her home and her husband was arrested in Jacksonville by representatives of the police department. They will be taken at once to Mason City accompanied by a relative.

Members of this family are among the most respected citizens of Morgan county and in the present case these relatives have the sympathy of the community because of the unfortunate affair.

Some beautiful new hats will be in this morning. Come in and see them.

Rheumatism Should Be Nipped In The Bud

Rheumatism in its early stages may delude you into believing that it is a disease of a purely local and temporary nature. Beyond a slight numbness of the limbs and pains in the joints or back, there may be no outward indications of it, but if you do not heed these warnings, or if you rely upon liniments to cure you, it will grow rapidly worse until you have Rheumatism in its most violent form. These symptoms, mild in the beginning but growing steadily worse, indicate that your blood is impregnated with Uric Acid, which, if not eradicated, will contaminate your entire system. The results will be racking pains in the joints, muscles and limbs, chronic stomach troubles, and a sluggish liver. The only relief is in the restoration of the blood to its normal, vigorous condition, which can be accomplished by taking S. S. S., the unfailing remedy for rheumatic troubles. SCOTT GREEN BUYS FINE TROTTER HORSE

Morgan County Man Picked "Amorist" at Big Sale of Pacers and Trotters in Chicago.

(Chicago, March 26.—Scott Greene of Jacksonville, who is here attending the sale of pacers and trotters at the Union stock yards, today purchased Amorist, a trotting bay stallion for \$410.

Amorist, who has a record of 2:12 3/4, was bred by Dana Perkins of Rockland, Cal., and consigned by F. O'Reilly, of Junction City, Kan. He has trotted a mile in 2:10 3/4 on a half-mile track. He is by Zombro-Zaya by Bay Bird.

The sale lasts three days. The top price today was \$2,000, which was paid for the stallion Adverser, bred and consigned by W. H. Smoller of Iron City, Mo. This horse went to W. C. Traynor of Lexington, Ky. Echo Bell, another stallion from the Smoller farm, went to Charles Hanson of Galesburg, for \$1,500. Henry Hawkins of Springfield paid \$1,300 for Belford Belle, a trotting mare.

TOURISTS IN THE SOUTH

Mr. and Mrs. Charles Taylor, of the vicinity of Chapin, were in the city yesterday. As recently noted in the Journal they have been enjoying an extended sojourn in Florida and are much pleased with the climate down there, but they give a great account of the way in which unsuspecting tourists are held up. In Jacksonville two ladies were obliged to pay \$14 a day for a room in a hotel, without meals, and the room was just an ordinary apartment. In Tampa rooms rent for \$5 to \$15 a day. A woman rented two small rooms in her home at \$12 a day, and shortly after her victims arrived she informed them that if they remained longer they would be called on to pay \$16 a day, and that without meals. All along the line much the same tendency was manifested. Mr. Taylor said that as European travel was suspended for tourists they sought places in our own land and with the above named result. He said in Colorado Springs, the chamber of commerce has taken the matter in hand and if they hear of any tourist paying unreasonable prices the matter is at once investigated and if found correct the extra money is refunded and the landlord gets a lesson he will not soon forget.

The Pastor's Aid Society of the First Baptist church will serve a cafeteria supper Thursday, March 29th, 5:30 to 7:30. Chicken pie will be served.

Mr. and Mrs. F. B. Six and daughter, Harriet, and Mr. and Mrs. J. C. Ewen of Alexander were in Lynnville Sunday to attend the Todd funeral.

INTERSCHOLASTIC MEET WILL BE HELD MAY 11

Date Announced at Meeting of Illinois College Athletic Association Monday—Changes in Rules—List of Events.

Friday, May 11, has been set as the date of the third annual interscholastic meet given under the auspices of Illinois college. The date was announced by the Athletic association of the college Monday.

It was originally intended to hold the meet on Friday, May 4, but the University of Illinois moved its meet forward a week. This enabled Illinois College to also move up their date. This will enable the Western Illinois High School League to hold its meet on Friday, May 4, which is the date it was held for many years. The Western Illinois the past two years has been lacking in interest on account of being held after the Illinois interscholastic, hence the change will be beneficial to it and will not in the least detract from the Illinois meet.

Coach Harmon said that already several schools had written asking on what date the meet would be held this year. Last year thirty-three schools competed and from the inquiries it looks as tho this number will be exceeded this year.

Rivalry Keen.

Russell Berry, a former Illinois student and now in charge of athletics at Monmouth high school has written Harmon that he will bring the Monmouth team which has not appeared here before. Coach McCord of Bloomington high has also announced that he would bring the Bloomington team. There is keen rivalry between Bloomington and Springfield and some great contests will result when the athletes of the teams meet.

In addition to the athletic events there will be a big declamation test. The preliminaries will be held Thursday afternoon and evening and Friday morning. The finals will be held Friday evening. It is probable that the declamation contests will be held in David Prince auditorium where they were held last year.

Springfield won the meet last year and will make a hard fight to win again this year. They will have keen competition, however, and the managers in which some of Jacksonville's athletes are showing up leads to the belief that the local school may spring a surprise as they did in the first meet held by Illinois college.

The Prizes.

The management has decided this year to present shields to the winner and runner up in the meet instead of cups. It is believed that shields are more suitable and can more easily be hung in a trophy room where a cup becomes tarnished and must be kept in a glass case to preserve it.

Cups will be awarded to first and second in the declamation contest. Medals of gold, silver and bronze will be awarded the winners in the field and track events. The first four will count in the points, the division being on the basis of five for first, three for second, two for third and one for fourth. Individual cups will be presented to the members of the winning relay team.

Last spring a cup was given for the contestant scoring the greatest number of points. Three men tied for the individual cup with 11 points each. They were Dunne of Springfield, Angier of Beardstown and White of East St. Louis. Coach Harmon endeavored to arrive at a decision by asking two others to join with him in picking the man who should get the cup. Each selected a different man. He then asked Jones of Wisconsin, Omar of Northwestern and C. C. Childs a former coach of Indiana to settle the question.

Change in Rules.

When Coach Harmon received the replies of these men he was still in the same fix. Each of them selected a different man. He has now sent letters to Castleman, track coach of the University of Ohio, A. A. Stagg of the University of Chicago and the track coach of the University of Michigan. He hopes to be able to settle the matter so that he can get the cup to his own use.

In order to avoid such a condition as resulted, last spring the management this year will give a cup to the athlete for the best individual performance in any event. It is thought that this will be easy to solve for then the competitive standpoint may be considered.

List of Events.

The events will be as follows: 100 yard dash. 220 yard dash. 440 yard dash—Two races. 880 yard run. Mile run. 120 yard high hurdles. 220 yard low hurdles. Running high jump. Running broad jump. Pole vault. Shot put. Discus. Javelin. Half mile relay.

HOME GARDENS FOR SCHOOL CHILDREN

PLAN FOR OUT DOOR WORK IS OUTLINED

Supt. Perrin Hopes To Interest Both Pupils and Parents in Garden Idea—Credit Will Be Given on School Work.

The home gardening movement has struck Jacksonville with full force and Supt. H. A. Perrin of the public schools Monday outlined a plan for interesting children in this very laudable work. It is the hope that hundreds of Jacksonville children will enter enthusiastically into the plan and thus receive personal benefits and at the same time add to the sum total of food production. It is the expectation too, that the plan will interest parents and so serve to bring the schools and the home of the city into closer relationship. The care of the gardens will teach the children industry, give them the pleasure of earning and at the same time their efforts will be rewarded by credit in their school work.

At stated intervals the gardens will be inspected by school representatives and due credit made. In formally launching the plan Supt. Perrin issued the following statement to the teachers for transmission to pupils:

The Home School Garden Project.

The home school garden project has been utilized in thousands of cities for the past dozen years or more. The educational and economic aspects of this work are entirely positive. The Department of Education of the United States is recommending that home school gardens be organized in connection with the school work of all children. It is our purpose to start this work this spring. We do not care to follow the stereotyped plan, but the following suggestion will make a basis for operation:

Gardens—Home school gardens should be encouraged in all grades above the Third and larger children in the Second and Third Grades may be allowed to take part in the work. Size—Home school gardens should be 6x8 or 8x12, but may be as small as 5x8.

Materials—There gardens may be wholly flower gardens or wholly vegetable gardens, but preferably a combination of the two.

Plan—Teachers should develop general plans at school showing the arrangements of such vegetables as radishes, lettuce, onions, and later, planting corn, tomatoes and cabbage. Borders and background of flowers such as sweet peas, nasturtiums, marigolds, etc.

Seeds—We shall ask the co-operation of the homes in furnishing the seeds. It has been my experience that practically every home is willing to furnish the necessary seeds and supervise the children in their work.

Inspection—Inspection of gardens should be made by a committee from each room and the best gardens visited by the teacher or a special committee which may be appointed. An effort will be made to take pictures of the best gardens.

Correlation and Credit—It is our purpose to correlate this work with the nature study, geography and science work. In order to make it of very definite value, a credit of five points in one of these subjects will be allowed for all gardens that pass inspection during the month of May.

Fall Garden Credit—An effort should be made to have the children continue the gardens through the summer and on to the fall, making collections of seeds and noting the life cycles of plants from seed to seed or from cutting to cutting. A special credit of five points will be given again in October for acceptable home gardens that have been properly cared for.

Economic Side—There never was a time when school gardening was not profitable. Ordinarily, the profit is a 100% on the investment for seed. It is predicted that all vegetables will be high priced and supplies from gardens can be used to advantage in the home, and surplus products easily sold on the market. Some children of upper grades may find it advantageous to plant larger gardens.

The Beauty Side—Flower and vegetable gardens may easily replace rubbish heaps, ash piles and other unsightly places, thus rendering them productive and beautiful.

Application—Gardening is a profitable source for securing topics in English, problems in arithmetic, discussions in nature study, geography, science, etc.

Now is the time to take this matter up, plan gardens and assist the children in getting the proper spirit for the work. I am sending you a little pamphlet purely for the suggestions it may contain. I trust that we may have a thousand or fifteen hundred home school gardens by the end of April.

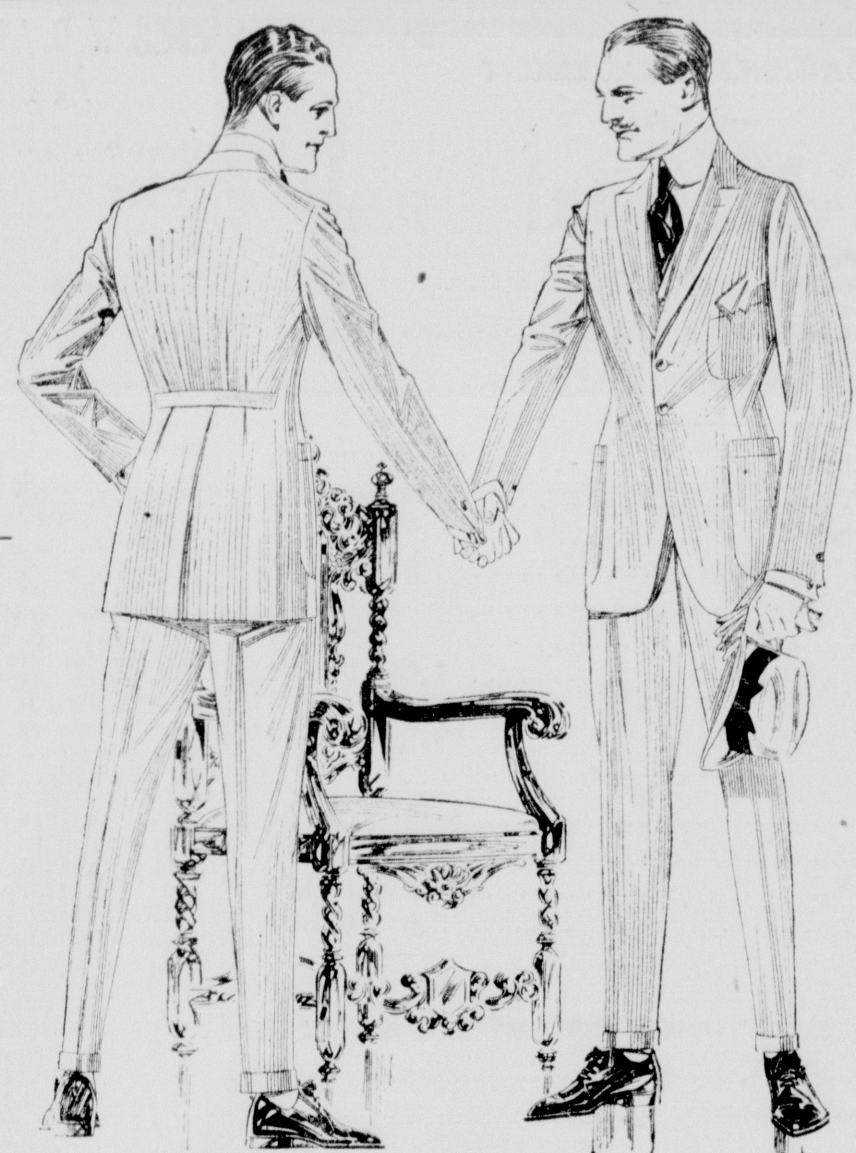

Wanted today, \$2750 on real estate worth \$6400. Will pay 7% but must have it at once. The Johnston Agency.

Z. F. Moody, Whose Long Life Closed in Oregon, Was Once a Resident of This County.

A copy of the Salem, Oregon, Statesman of March 15th, sent S. A. Fairbank of this city gives an account of the death of ex-governor Z. F. Moody. Many years ago the gentleman was a resident of this county, was at one time associated in business with B. E. Upham and was also county surveyor. He had a brother, Gideon, who was well known during his lifetime. He was also for a time surveyor of the county.

Mr. Fairbank looked after his interest after he left the state and was in touch with him most of the time. The account of his death is as follows:

"Zenas Ferry Moody, seventh governor of Oregon, died at his home 825 Court street, at 11 o'clock last night after an illness of eighteen months. He was 84 years old on May 27, 1916.

"His wife died March 15, 1915, and soon after the former governor was stricken with paralysis. He has been confined to his home since that time, most of the time being in a wheel chair. Last Saturday his condition became more critical and he has been confined to his bed since that time. He was in possession of mental faculties until the end.

"When death came there were at his bedside: Malcolm A. Moody, a son; Miss Lucy Stoughton of Hartford, Conn., and Mrs. Carlton Moody of Philadelphia, Pa., both nieces of Mr. Moody."

LOCAL MILITIAMEN ON DUTY AT ARMORY

CALL TO BE IN READINESS CAME MONDAY MORNING

Captain L. P. Owen in Command and Mobilization Order is Expected in Forty-Eight Hours — Activity in Enlistments as Prospect of Service is Near.

War came close to home Monday when orders were received by Capt. L. P. Owen of Co. B, Fifth Illinois Infantry, to hold the company in readiness for mobilization. Throughout the day Monday Armory hall was a scene of activity.

Early in the morning Lieut. Hale took personal charge at the Armory. Capt. L. P. Owen came down from Springfield on the Wabash flyer and on the same train was Second Lieutenant Harrison Dickson who had boarded the train at Decatur.

Capt. Owen got busy immediately on his arrival. A telephone message was sent to Pittsfield and nine men came over from that city on the evening train. Seven of these men were with the company last summer and two more were brought when it was learned the order to mobilize had come.

The order for mobilization was received from Washington by General Dickson of the Illinois National Guard early Monday morning and the call was for the First, Fifth and Sixth Infantry. The order was immediately forwarded to the various regiment commanders.

Enlistments Came Promptly.

Company B, in the opinion of its officers, was never in better condition than at the present time, though it is not recruited up to war strength. The enlistments came in rapidly Monday evening. Capt. Owen was of the opinion that when it became known in adjacent towns that active service was likely that there would be little difficulty in bringing the company up to war strength.

Jacksonville has never failed in any previous crisis, and it is not likely that she will fail at this time. There are enough eligible young men in the city alone to nearly make a regiment. There has in some degree been a seeming lack of patriotism and an appreciation of conditions. While it is believed that in case of actual war there would be a big change in sentiment, yet the manner in which some young men talk about enlisting does not sound good.

What needs to be impressed upon the young men is that service to one's country and fellow men is the highest service that can be given. The opportunities that this country gives its citizens were made possible by the sacrifice of generations gone. To preserve these opportunities it may be necessary to take up arms and fight. When the call comes no young man should be recreant to his duty.

One thing occurred Monday to show what real devotion to one's country is. Siddons Armstrong was engaged in painting at a property on North Main street. When the orders came he quit work and immediately went to the armory and donned his uniform. Armstrong is a sergeant in Company B, and he started out to round up the members of the company.

Monday night Col. Frank Wood of Quincy, commander of the Fifth regiment, clamped the censorship on the movements of the regiment. He sent orders to all of the company commanders telling them not to give out anything of a military nature.

In Camp at Armory.

Capt. Owen mustered his men in the armory Monday night and they will sleep there and take their meals at Hall's restaurant, to be in readiness at a moment's notice. Guard will be established thru the night and no one will be allowed to leave the armory except by permission. The armory will really be a military camp in every sense of the word.

The men who enlisted last night were: Herbert Claus and Clarence Billings of Pittsfield, Claus is a telegraph operator. Leonard Wood, LeRoy Corbridge, Eldon Spaulding of Jacksonville.

Capt. Owen said last night that he was well satisfied with the enlistment. Four more men are coming today from Pittsfield, Sergt. John Capps also re-enlisted and word has been received from William Painter a member of the company located in Indianapolis, Ind., that we will come on at once.

The enlistment is now up to over ninety men. Capt. Owen is in hope that some of the men at Illinois College will enlist. He believes that if

Enlistments Came Promptly.

Company B, in the opinion of its officers, was never in better condition than at the present time, though it is not recruited up to war strength. The enlistments came in rapidly Monday evening. Capt. Owen was of the opinion that when it became known in adjacent towns that active service was likely that there would be little difficulty in bringing the company up to war strength.

Jacksonville has never failed in any previous crisis, and it is not likely that she will fail at this time. There are enough eligible young men in the city alone to nearly make a regiment. There has in some degree been a seeming lack of patriotism and an appreciation of conditions. While it is believed that in case of actual war there would be a big change in sentiment, yet the manner in which some young men talk about enlisting does not sound good.

What needs to be impressed upon the young men is that service to one's country and fellow men is the highest service that can be given. The opportunities that this country gives its citizens were made possible by the sacrifice of generations gone. To preserve these opportunities it may be necessary to take up arms and fight. When the call comes no young man should be recreant to his duty.

One thing occurred Monday to show what real devotion to one's country is. Siddons Armstrong was engaged in painting at a property on North Main street. When the orders came he quit work and immediately went to the armory and donned his uniform. Armstrong is a sergeant in Company B, and he started out to round up the members of the company.

Monday night Col. Frank Wood of Quincy, commander of the Fifth regiment, clamped the censorship on the movements of the regiment. He sent orders to all of the company commanders telling them not to give out anything of a military nature.

In Camp at Armory.

Capt. Owen mustered his men in the armory Monday night and they will sleep there and take their meals at Hall's restaurant, to be in readiness at a moment's notice. Guard will be established thru the night and no one will be allowed to leave the armory except by permission. The armory will really be a military camp in every sense of the word.

The men who enlisted last night were: Herbert Claus and Clarence Billings of Pittsfield, Claus is a telegraph operator. Leonard Wood, LeRoy Corbridge, Eldon Spaulding of Jacksonville.

Capt. Owen said last night that he was well satisfied with the enlistment. Four more men are coming today from Pittsfield, Sergt. John Capps also re-enlisted and word has been received from William Painter a member of the company located in Indianapolis, Ind., that we will come on at once.

The enlistment is now up to over ninety men. Capt. Owen is in hope that some of the men at Illinois College will enlist. He believes that if

Try This! All Dandruff Disappears and Hair Stops Coming Out

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

TO MOTHER
Written to Mrs. Etta Blackburn, Stearns on the birth of her daughter, Margaret Awar.

And now since baby's come to us,
I mean to Mama and to Gus,
And brot with her such heaps of joy,
Altho she's not a bouncing boy,
But baby's a chigger little girl,
Without a ringle or a curl,
With no unnecessary things,
Such as sweet dimples, teeth, or wings,
A modest, winsome little tot,
That one admires on the spot.

A bit of heaven God sent to us,
To show His love to Ma and Gus,
Sent her along with us to board,
And to be cared for, loved, adored,
To twine her fingers round our heart
And of our life become a part.

To be protected from all germs,
And reared on prophetic terms,
To have her meals served by the clock,
Not every time she gives a squeak,
To jump and kick the cradle, fumes,
And whoop, and exercise her fumes,
But not to be picked up pellmell
Whenever she gives a college yell.

Just as a sign to indicate
She has a will to educate,
Her voice she needs must cultivate,
And early learn to arbitrate,
To mind the rule, and toe the mark,
And not be fearful of the dark.

And never, never suck her thumbs,
Or act her worst when company comes,
To take her Mama's word as law,
And be respectful to her Pa.

To do the things all youngsters do,
And all the naughty things eschew,
In fact to be a model lass,
And in good manners lead her class.

O yes indeed! for many a year,
We've waited for their precious dear,
And watched the neighbor's kids the while,
And criticised their reckless style.

And said, when something rude we saw,
"If I were that kid's Ma or Pa—
I'd only that were my young brat—
I'd teach him where to get off at!"

I'd let him know who is the boss,
Who holds the reins and drives the horse,
I'd take him home, alone, apart,
And make his tender regions smart;

I'd break—but hold a bit, let's see—
Now since it's up to you and me,
And since our cherub has no wings,
Or may not always do nice things,
Or may not always choose the good,
And do the very things she should,
May, in some unexpected way,
Signs of depravity display.

Unlike that perfect child we knew
When we were single, I and you,
And thus, perchance, a-un-Aware,
We for ourselves have laid a snare,
Of boasting we have done our share,
Now let's keep still, and watch Awar.

OFFERS TO ADVANCE
GOVERNMENT \$1,000,000

New York, March 26.—J. P. Morgan & Co., it was announced to-night, have agreed to advance an amount up to \$1,000,000 without interest to relieve possible embarrassment of the depot quartermaster of the war department in the purchase of army supplies. Recently the depot quartermaster was compelled to stop payment for supplies because of the exhaustion of funds owing to the failure of congress to pass the army deficiency bill. One firm, it was said, refuses to honor a requisition for flour, saying, "We will do no more business with the government until it pays its bills."

A committee appointed by the chamber of commerce of the United States consulted with Mr. Morgan after which he addressed a letter to the depot quartermaster, in which he said the situation had been brought to his attention and his firm "would be glad" to shoulder the obligations to the amount mentioned.

CORN HURT TODAY?

Lift your corns or calluses off with fingers and it won't pain you one bit.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened calluses on bottom of feet without one bit of pain.

A genius in Cincinnati discovered freezone. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezone upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with the fingers. You feel no pain while applying freezone or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. You will call freezone the magic drug and it really is. Genuine freezone has a yellow label. Look for the label.

FARMER OF NEAR OTTAWA SPEAKS

August Moss Tells of Benefits Gained From Use of Tanlac

ENJOYS GOOD REST NOW

Sleeps Soundly and Peacefully Every Night and Feels Fine In Mornings

OVERJOYED BY RESULTS

Ottawa, Ill., March 26.—Among the many people of Ottawa and vicinity who praise Tanlac, the Master Medicine, none is more enthusiastic about the new preparation than August Moss, a well known farmer who lives on rural route No. 32, Ottawa. Mr. Moss endorses Tanlac because of the good the new medicine did his wife.

"Some time ago my wife suffered from a general break down and she has been troubled since with her stomach and liver and also has been extremely nervous," Mr. Moss said on March 17. "Her appetite was poor and she said her stomach seemed to be in a sickened, soured condition all the time. She didn't care for a thing to eat and what little food she did eat didn't seem to agree with her. She had pains in her stomach almost all the time. She was so nervous that she couldn't sleep at night and would just toss and roll about the bed. "Tanalac was so highly recommended by others that my wife decided to try it. Tanlac has proved a veritable blessing to her. It seemed to straighten out her stomach at once. She has taken one bottle of the medicine and she can eat heartily and digest all her food properly. The soured, sickened condition of her stomach has disappeared. The pains in her stomach have vanished, also. She's not so nervous now and sleeps soundly and peacefully every night and gets up in mornings feeling fine. My wife is overjoyed by the results of taking Tanlac."

"Weakened, run down men and women by the tens of thousands have tried Tanlac and have derived new strength, better health, vim, vigor, and vitality through its use," the Tanlac Man said at the Coover & Shreve Drug Co. store yesterday. "Thousands of people who have tried Tanlac say there is no better medicine on the market today for relieving stomach, liver and kidney trouble, catarrhal complaints, nervousness and the like."

Tanalac is now being introduced in Jacksonville at Coover-Shreve Drug Co. East Side Store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co.

"Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gets-It' on Last Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

"That Was a Quick Funeral That Corn Had With 'Gets-It'."

see how 'Gets-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns." "Gets-It" makes the use of toe-irritating salves, bandaging, taping, and other things not only foolish, but unnecessary. Use this wonderful discovery, "Gets-It," for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or saws, and run chances of blood poisoning. Try "Gets-It" tonight! "Gets-It" is sold everywhere, in a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

Van Winkle, the report filed by M. B. Keplinger as conservator was approved.

In the estate of Hulda H. and Alexander Hart, deceased, letters of administration were ordered to A. C. Moffet and bond fixed in the sum of \$100.

Objections were filed by J. Marshall Miller as attorney for James W. Johnson to the report filed by A. J. Ogram as conservator of Louise B. Ray. Objections were made to prices received for the sale of certain articles of personal property and to the amount of commission charged.

GRANDMOTHER'S BOTANIC MEDICINE

In every pioneer home the botanic recipes of our grandmothers for the treatment of disease were wonderfully dependable. Every fall she gathered her various herbs: thoroughwort, camomile, sage, pennyroyal, wormwood, rue, etc. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these botanic recipes, and the demand for this famous medicine has grown until over 350,000 pounds of roots and herbs are used annually in its preparation. It will well repay any woman who suffers from female ills to give this famous medicine a trial. —Adv.

OBITUARY.

Osbert Dietrich, youngest son of Mr. and Mrs. W. D. Harkleroad, was born February 9, 1915, and died March 15, 1917, at the home near Nortonville after an illness of a few days, aged two years, one month and seven days. He is survived by his parents; one sister, Nellie Elizabeth; one brother, Harold Earl, and his grandmother, Mrs. Tillie Newby. Osbert was a bright little boy, wise beyond his years. He was too bright for this world, so his Heavenly father called him home. He was dearly beloved by all who knew him because of his sweet smile and winning ways.

Funeral services were held from the Youngblood church at Nortonville Sunday morning at 11:30 o'clock, Rev. Roy March officiating. Interment was made in Youngblood cemetery adjoining the church. Music for the occasion was furnished by the church choir. The floral offerings were many and beautiful and were cared for by Misses Veda Steele, Lucile Lashmet and Hazel Lacy. The bearers were Chester Hungerford, Edgar Hull, Harold Steele and Joseph Lashmet.

Our beautiful darling has gone to rest. Pillowed his tired head on Jesus' breast. The angels around their silent watch keep. Over our baby while sweetly he sleeps. A mother's idol, a father's pride and joy.

Oh, how they loved him, their beautiful Jesus bowed his stately head. And kissed our darling, for he was dead.

Dead, did I say? No, only gone before. To welcome them on the beautiful shore.

They will miss, but they will meet him. In the land so bright and fair. But their hearts will ache with sorrow. When they see Osbert's vacant chair.
